

Title of Action: Integrated Commercial Intrusion Detection System-IV (ICIDS-IV)

Incumbent: SIM-G

Contract Number: W9113M-09-D-0005

Contract Expiration Date if all Options are Exercised: March 11, 2015

Name of Requiring Activity: Product Manager – Force Protection Systems

Description of Effort: The ICIDS-IV is an integrated approach that uses color graphic displays, keyboards, computers, and printers in responding to a host of interior/exterior sensors, Closed Circuit Television (CCTV), and Entry Control Equipment (ECE) to provide intrusion detection and physical security for high-risk areas. The purpose of ICIDS-IV is to monitor designated areas and facilities on and around an installation. When unauthorized attempts to enter these areas and facilities are detected, the ICIDS-IV provides alarms for operators to take the required action.

Type of Action: One year, Indefinite Delivery Indefinite Quantity (IDIQ) type contract (with five optional one year ordering periods)

North American Industry Classification System (NAICS) Code: 561621, with a small business size standard of \$11.5M

Estimated Period of Performance: The basic contract is anticipated to be for one (1) base year (November 2007 Award), with five (5) one-year options.

Total Estimated Value of the Proposed Action: The total maximum value of this acquisition is anticipated to be \$352.0M

Estimated Release Date of the Request for Proposal (RFP): TBD

Contract Specialist: TBD

Contracting Officer: Daryll Nottingham – 256-799-4300

Technical Office Point of Contact: Harold Fitzgerald – 703-704-2520
